

Remarkable Rescue.

Mrs. Michael Curtin, Plainfield, Ill., makes the statement that she caught cold, which settled on her lungs; she was treated for a month by her family physician, but grew worse. He told her she was a hopeless victim of consumption and that no medicine could cure her. Her druggist suggested Dr. King's New Discovery for Consumption; she bought a bottle and to her delight found herself benefited from first dose. She continued its use and after taking ten bottles, found herself sound and well, now does her own housework and is as well as she ever was.—Free trial bottles of this Great Discovery at Seybert & Co.'s drug store, large bottles 50 cents and \$1.

Silk produced during 1889 by the factories of the world weighed 11,706 tons.

Happy Hoosiers.

Wm. Timmons, Postmaster of Idaville, Ind., writes: "Electric Bitters has done more for me than all other medicines combined, for that bad feeling arising from kidney and liver trouble." John Leslie, farmer and stockman, of same place, says: "Find Electric Bitters to be the best kidney and liver medicine, made me feel like a new man." J. W. Gardner, hardware merchant, same town, says: "Electric Bitters is just the thing for a man who is all run down and don't care whether he lives or dies;" he found new strength, good appetite and felt just like he had a new lease on life. Only 50 cents a bottle at Seybert & Co.'s drug store.

A polite term for spinners in Northern Germany is "standing alone ladies."

An Indiana swain offered his rival \$15 for his chance, and the offer was accepted.

Would You Believe

The proprietors of Kemp's Balsam give thousands of bottles away yearly? This mode of advertising would prove ruinous if the Balsam was not a perfect cure for coughs and all throat and lung troubles. You will see the excellent effect after taking the first dose. Don't hesitate! Procure a bottle to-day to keep in your home or room for immediate or future use. Trial bottle free at all druggists'. FREIGHT SMASH-UP.

Misunderstanding of Orders Causes a Wreck Near Oxford, O.

Two Trains Burned Up and Several Trainmen Injured.—Loss \$50,000.

A terrible wreck of two railway freight trains occurred about 7 o'clock Friday evening in a cut and curve on the Cincinnati, Hamilton and Indianapolis railway, about two miles east of Oxford, O. It was a collision of trains loaded with merchandise both going at full speed, the result of misreading of orders, or some other blunder of a like nature not yet officially ascertained. The train from Hamilton had two locomotives, one in front, the other behind serving as a pusher. The two trains had about thirty-five cars well laden, and each had a full crew. The collision made a big crash, threw the colliding locomotives across the track and jumbled the freight cars with their contents in a confused mass of splintered kindling wood, ready to receive the flames that had already started on their mission of destruction. At midnight the fires of the wreck were making the air luminous. It looks as if nothing of the trains or their contents will be saved. The derailment was complete, and every one of the crews of the two trains were more or less disabled. The spot is lonely and there was no human means at hand able to save what property might otherwise have been saved. A rough minimum estimate of the loss is \$50,000, and it may reach much higher. Of the injured, John Mathers, a fireman, is the only one mortally hurt. The others are only slightly hurt. Their names are John Kasner, of Indianapolis; John McNeill, Charles Monahan, George Mozelle, F. J. Carney and John N. Spencer. The engineer and fireman of the pusher escaped unhurt. All the injured are the trainmen.

THIRTY INJURED.

Wreck of an Express Train on the Santa Fe Railroad—List of Injured.

Thirty people were seriously injured by the wrecking of train No. 5, the through Santa Fe vestibule Denver express, at Wakarusa, thirteen miles south of Topeka, Kas., Friday afternoon. The train was running at a high rate of speed, and left the track at a curve this side of the east end of the yards. The tender, express, mail and baggage cars and three Pullman vestibule cars all left the track. The chair car, sleeper and tourist cars are on their sides. The track is torn up for about four hundred feet. A relief train from Topeka arrived at 5:15, bringing with it the injured, who were cared for at the National Hotel. The following persons were injured, many of them seriously: W. E. Jones, mail agent, Kansas City, pinned between cars and injured internally. J. W. Fadely, mail agent, Kansas City, internal injuries. Harry Stone, mail agent, Kansas City, head bruised. Mrs. Ella Steele, New York City, hurt in the head. E. L. Terry, express messenger, Kansas City, badly injured in spine. L. J. Johnson, Kansas City, baggage agent, leg hurt. Henry Lindsey, Topeka, bruised in the side and jaw hurt. Mattie O'Connell, Chicago, head and back injured. Mrs. Dr. Beasley, Tullundo, Col., bruised and teeth knocked out. E. M. Beasley, same place, concussion. Mrs. Geo. Turley, Fresno, Cal., back out. Mrs. J. McFarland, Terrill Hill, Ohio, head out. S. Sylvester, Milton, Cal., knee injured. C. F. Farrington, Lisbon, Ill., collar bone dislocated. J. J. Buckley, brakeman, back hurt. Elizabeth Babbitt, Oakland, Cal., arm injured. Mrs. W. S. McClure, Kansas City, arm dislocated. Mrs. L. E. White, Oakland, Cal.; F. A. Fair, Albuquerque, N. M.; George F. Keppy, Denver; Solon E. Rose, Albuquerque; S. B. Hankins, Aspen, Col.; W. E. Jones, Kansas City; J. A. Coulter, Colorado Springs.

Wedded in Mid-Air.

Thos. J. Mims and Miss Gertrude Pittman, a young couple from Brewton, Ala., were married in mid-air in a big balloon at the fair grounds, Birmingham, Ala., by Rev. S. M. Adams, president of the State Farmers' Alliance, after which they took an aerial tour of seventeen miles, landing safely at Helena, Shelby County. Mims is only 21 and his bride 17. They were given \$250 to make the trip, and numerous presents.

Mortified to Death.

The body of Lavinia Brower, of Northumberland, Pa., was found in the Susquehanna river, at Fisher's Ferry, Friday morning. Tuesday Miss Brower failed to receive an invitation to a party in her neighborhood, and this so worked on her mind that she arose from bed Tuesday night, got out of the window, down over the grape arbor and made her way to the river.

Indians Drive Back Troops.

The troops who were called out to pursue the band of Apaches who murdered two sheep herders about twenty miles from Silver City, N. M., recently met the band in an unfrequented spot near the scene of the murder early Friday morning. A conflict ensued, but the Indians beat off their pursuers after two of them had been killed.

An Oklahoma Counterfeiter.

Ed. Stephens, a notorious counterfeiter, was arrested four miles west of Oklahoma City, and is now in jail. Thirty-seven spurious dollars were found on his person and a number of molds in his house.

Balfour Goes to See for Himself.

Mr. Balfour, chief secretary for Ireland, has started on a tour through the Western counties, in which it is alleged distress prevails in consequence of the failure of the potato crop. Mr. Balfour's object in making the tour is to make a personal investigation as to the truth of the statements regarding the condition of the crop.

Smuggled Jewels Seized.

The San Francisco Custom-house officers seized diamonds, rubies and other jewels valued at \$3,000, which they asserted had been smuggled by two merchants from Caylon.

A STAND-PIPE BURSTS.

Letting Loose Thousands of Gallons of Water, Which Floods the Town, Destroying Many Houses.

A dispatch from Temple, Tex., says: "Two hundred and eighty thousand gallons of water confined in the steel stand-pipe broke loose at about 3 o'clock Friday morning and flooded the town. Immense sheets of boiler steel, hundreds of pieces of scaffolding, houses, barns, fences and all the debris of the surrounding neighborhood went floating and crashing in all directions. The people of the town were awakened, and stood in frightened groups about the town watching the destruction of their homes and property. The house of O. T. Rigdon was crushed as an egg-shell and afterwards took fire from an overturned lamp and was burned. Rigdon was seriously burned and his recovery is doubtful. Lying out towards the street were sixteen sections of the pipe, a great hollow cylinder twenty feet in diameter, and of the heaviest boiler steel. The lower sections of the pipe were thrown in a different direction. They were torn, twisted and crumpled. The several barns and sheds near by were washed down and away. The fences of the neighborhood are gone, and all over the streets, alleys and yards are scattered the contents of houses and barns, while timbers from everywhere are lying around in all conceivable shapes. The damage done is heavy outside of the stand-pipe itself. All the houses around were flooded with water and several seriously damaged. The accident is unaccountable. No flaws are apparent in any of the broken and torn pieces, and the workmanship shows it to be first-class. The foundation is still there, solid and unharmed, except in one place, where a gash two feet long is cut through the bottom and a couple of rocks washed away.

RAT AND RATTLER.

They Fight a Three Days' Battle, in Which Both Are Finally Killed.

Wm. Weeder, of Columbus, Ind., bought a black rattlesnake from a Brown County man, with seven rattles and three and one-half feet long, and placed it in a glass box in his barber shop. A day or two later he caught a large wharf rat and put it in the box with the snake. A bloody battle followed. When the reptile would bite the rat it would get off in one corner and suck the poison out of its system, seeming to understand just what to do. These sanguinary battles continued at intervals for three days, by which time the fur was nearly all torn from the rat's body and the rattles and part of the snake's tail were eaten off. Saturday morning both were found dead in the box, and badly swollen.

FIRE-SWEPT.

Seven Hundred Thousand Dollar Conflagration at Mobile, Ala.

One of the most disastrous conflagrations witnessed in Mobile, Ala., began Sunday about half-past twelve in the shingle mill of Stewart & Butt, and owing to the strong northwest wind prevailing was not checked till five o'clock Sunday afternoon, and only then after a favorable change in the wind. More than twenty squares were burned, bounded by Bearsgard, Magnolia and St. Louis streets and the river. The loss is estimated at about \$700,000, with about \$400,000 insurance. The tracks of all railroads centering there have been obstructed by the debris in the burned districts, and trains are delayed. The fire was of incendiary origin.

Killed at the Crossing.

A furniture van, owned by Samuel Nathan, of Brooklyn, to which four horses were attached, and in which were the owner, Nathan, Wm. Wickson, the driver, and a man named Hermann, was struck by a freight train Saturday night at the Jamaica turnpike crossing, near the village of Queens, L. I. Hermann was instantly killed, and Nathan was so seriously injured that he died soon after. Wickson is probably fatally injured. Three of the four horses were killed, and the van was smashed into splinters.

Carried off by a Gray Eagle.

While some quail hunters were gunning near Edinburgh, Ind., training some young setter pups, a large gray eagle pounced down upon one of them, for which the owner had paid \$100, fastening its talons in the dog's back and soaring away with its prize. The owner of the dog fired two or three shots at the "noble bird," but without avail.
